March 2021

Dear parents and carers,

Tuesday marked the 1st anniversary of the start of the first national lockdown. On March 23rd 2020, Trinity Fields was “re-purposed” to be a hub for vulnerable learners as all schools across Wales closed because of Coronavirus. Little did we know the impact that this terrible virus would have on so many aspects of our lives.

Like you, we are very pleased that a year on things do seem to be improving; nearly all staff will have received their 2nd vaccination before the end of this week; although a very few staff are still waiting to have their 1st vaccination.

This past year has been one of the most challenging we have ever known; with very little respite at school and at home. It has also been one of the most rewarding in the sense of seeing such **GREAT** teamwork and partnership working between home and school. We have seen first-hand how we have all worked together to support everyone within the Trinity Fields family.

Both Mike and I would like to thank you for your support and patience over this past year. As things stand, we are expecting school to be open to all pupils after the Easter holidays; that is all pupils returning on **Monday 12th April 2021**.

As Wales moves towards lifting more of its restrictions it is vital that we continue to work within all of those safety measures that have kept us safe over the past year; remembering in particular **HANDS-FACE-SPACE**. Please remember, as per advice from the Welsh Government wider mixing of households for birthday parties, sleepovers and the like are still not permitted. Also the advice from Public Health Wales is that if children are unwell for any reason then they must stay at home until they are well enough to come back to school. Following these measures will mean that we are all kept safe.

On behalf of governors and all staff, we would like to take this opportunity of wishing you all a very Happy Easter and thank you for your patience and understanding over this past year.

Keep safe and healthy,

Chair of Governors

Headteacher

Learning together in a changing world, creating success for all

Developing all pupils as ambitious, enterprising, ethical and healthy learners.
