April 13th 2021

Dear Parents and Carers,

I hope that you had a good Easter making the most of the mixed weather and of course the chocolate eggs! It has been good to see an increasing number of pupils returning to school after the Easter break. I realise that this is still a very uncertain time for many of us but I hope that with an increasing number of adults being vaccinated, along with reduced community infection rates the days ahead might be a little brighter for all of us.

As the country continues to move towards lifting more of the Coronavirus restrictions it is more important than ever that we continue to work within all of the safety measures that have kept us safe over the past year; remembering in particular **HANDS-FACE-SPACE-FRESH AIR**.

Please remember, as per advice from the Welsh Government wider mixing of households for birthday parties, sleepovers etc. are still not permitted. I would also ask you to continue to follow the advice from Public Health Wales by making sure that any children who are unwell for any reason stay at home until they are well enough to come back to school.

As we mix more, Covid-19 restrictions remain necessary to stop transmission. As restrictions are eased, getting a test is easy and results are back within hours. Don't gamble with the health of friends and family; if you are feeling generally unwell, it could be Covid-19 - book a test as soon as possible. Following these measures will mean that we all keep safe.

Bank Holiday: school will be closed on **Monday May 3rd 2021** for May Day Bank Holiday.

Training Day: school will also be closed on **Tuesday May 4th 2021** for staff training when we will be looking at the requirements of Wales' new curriculum.

Myself and the whole team at Trinity Fields really appreciate all of your support over the past year; like you, we are keen to see things steadily return to more of what we are used to.

Keep safe and healthy,

S. Elliott

Headteacher

Learning together in a changing world, creating success for all
Developing all pupils as ambitious, enterprising, ethical and healthy learners.
